

## EMERGENCY TELEPHONE NOTIFICATION SYSTEM

### "The Calling Tree"

The City Council and the Country Club are working together to make Lake Tapawingo a safer place to live. Due to recent events, we have put in place a 'phone notification system' or 'calling tree'. This system will contact each resident by phone should we have any announcement concerning public safety. You will be notified of events like: a boil water order, a water main break and bacteria in the Lake. The telephone directory developed by the Ladies Club is the source of all information. The 'calling tree' list is maintained by City Hall and NO resident's name or phone number will be released to the public under any circumstances. This system is for use for PUBLIC SAFETY ONLY.

If you do not want to be contacted by this service, please contact Debbie Snelling at 228-5775 or [dsnelling@laketapawingomo.org](mailto:dsnelling@laketapawingomo.org).

IF YOU HAVE A PRIVATE OR UNLISTED NUMBER AND WISH TO BE INCLUDED IN THE CALLING TREE, PLEASE CONTACT DEBBIE SNELLING AT 228-5775 OR [dsnelling@laketapawingomo.org](mailto:dsnelling@laketapawingomo.org).
